

# Reassessment Reflection Sheet

Name \_\_\_\_\_

Assessment Name: \_\_\_\_\_

Date \_\_\_\_\_ Hr \_\_\_\_\_

Score: \_\_\_\_\_

In order to re-assess, all in-class exercises and homework must be complete. You also have to be keeping up with your team role and making every effort to learn and understand during class and on your own time. If these conditions do not exist, there will be no re-assessment.

**DIRECTIONS:** Look at your assessment results and organize them into two categories:

(1) Portions of the assessment you understand and (2) Portions of the assessment you need extra practice with. You must provide a **specific plan** on how you are going to improve your understanding. **You must submit this sheet with your quiz/test corrections and an attachment** of either practice problems you created, a worksheet you found online, or something similar that has helped you practice and learn the material. *If you do not understand any portion of a concept and need additional instruction from Mrs. Tucker, you do not need to have any practice work attached to this form yet. You must speak with Mrs. Tucker to setup an appointment time to come and receive that instruction before the re-assessment due date. Then you will create a plan and re-submit this form with an attachment.*

## PART A: Areas of Strength

(1) What part of this quiz/test do you understand?

## PART B: Areas for Improvement

(2a) What part of this quiz/test do you need extra practice with?

(2b) My strategy/plan that will improve my understanding:  
*(Explain where the attached practice work came from.)*
